TASK-ORIENTED AND CLEVER ACCESSORIES

All new EXPRESSO hand trucks will be equipped with an advertising panel incl. your logo.

Type 1029 Chair loading attachment: Transport rail, clips onto the footplate rear panel to move stacked chairs.

Type 1166: Aluminium stowing hanger with automatic safety latch – ideal for vans, warehouses and garages

Type 0 155 1500 ClipFix lashing strap: To secure bulky goods on hand trucks, for clamping onto the upright

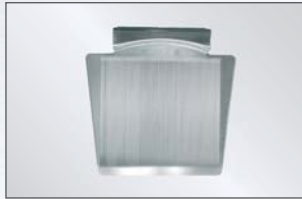

Carrying frame Type 1172 for easy transport heavy goods on stairs with two persons

Small pallet aus made from wood Type 0 1318 simplifies and speeds up the loading process when the load.

Precision-milled spade footplate No. 4 (400 x 500 mm) prevents the loads from laterally sliding.

Precision-milled spade footplate No. 5 (300 x 305 mm) ideal for carton packages and Euro bins (600 x 400 mm).

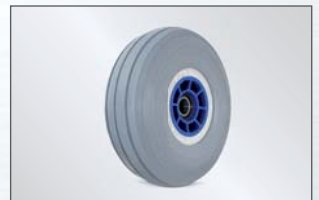

Precision-milled spade footplate No. 10 (230 x 430 mm) ideal for beverage crates, KEGs and wineboxes.

The black pneumatic wheel No. 21 (Ø 260 mm) with radial tread offers very good shock absorption.

The light grey pneumatic wheel No. 23 (Ø 260 mm) is non-marking, even on highly sensitive floors.

The unflattable AIRLEX wheel Nr. 25 (Ø 260 mm) consists of foamed polyurethane guarantees a high durability.

THE EXPRESSO FAVOURITES

▶ Several hundred thousand units of this proven allrounder have been sold: this hand truck proves worldwide that economical material handling is more professional and efficient.

▶ The combination of dog-ear handles, angled skids and No. 21 pneumatic wheels makes it that successful.

The unflattable AIRLEX wheel Nr. 25 (Ø 260 mm) consists of foamed polyurethane is non-marking.

The curved, fiberglass reinforced cross members significantly enhance the strength of the hand trucks.

Type	2 011 21	243 811 21
Overall height (mm)	1.300	1.300
Overall width (mm)	560	500
Footplate L x W (mm)	245 x 220	245 x 220
Empty weight (kg)	10,1	11,7
Load capacity (kg)	300	300

PICCOLINO FAMILY

► Unmatched – The appealing design and easy storage make the Piccolinos into an unrivaled transporter in the ‘handbag’ format.

► The telescoping struts pull out /in easily at the push of a button. When the footplate is folded downwards, the wheels swing out automatically.

Piccolino family: The compact material handling miracles for leisure, hobby and shopping

Thanks to 6 cm maximum overall width these hand trucks are storable everywhere.

Type	0 223 00	0 226 00 (w/o ill.)	0 229 00
Overall height / Folded height (mm)	1.045 / 595	1.085 / 750	1.090 / 765
Overall width (mm)	390	490	490
Footplate L x W (mm)	320 x 385	320 x 490	320 x 490
Empty weight (kg)	3,2	4,4	5,2
Load capacity (kg)	50	80	125

FOLDABLE VEHICLE COMPANIONS

- ▶ The folding footplate and the folding upright permit EXPRESSO equipment to be stored in passenger cars and vans in a very space-saving manner.

- ▶ The folding mechanism on folding EXPRESSO hand trucks is specially secured by hand-friendly EXLAN sliding sleeves.

Folding hand trucks facilitates a professional presentation, e.g. while parcel delivery.

Small, light, useful: The folded hand trucks can be easily stored in a trunk for example.

Type	271 291 45	271 851 23
Overall height / Folded height (mm)	1.100 / 730	1.100 / 730
Overall width (mm)	420	460
Footplate L x W (mm)	245 x 220	245 x 220
Empty weight (kg)	9,6	10,8
Load capacity (kg)	100	150

CLEVER: STACKING HAND TRUCKS AND CLICK4

▶ The warehouse hand trucks are characterised by their curved tube handle design. This allows heavily loaded trucks to be easily tilted and moved.

▶ Any user can move loads with the correct posture by using the height-adjustable CLICK4 handle design.

Hand truck Type 2 031 21 is ideally suited for material handling tasks in warehouses.

Using the four snap locks, the handles can be adjusted quickly.

Type	2 031 21	2 071 21 (w/o ill.)	284 811 21	285 811 21 (w/o ill.)
Overall height (mm)	1.300	1.700	1.400	1.500
Overall width (mm)	590	500	560	560
Footplate L x W (mm)	245 x 220	245 x 220	245 x 220	245 x 220
Empty weight (kg)	10,0	11,0	11,5	11,7
Load capacity (kg)	300	300	300	300

BEVERAGE PROS WITH RETAINER

- ▶ The height-adjustable retainer is used to lift different beverage crates. The pivot is used by folding back the No. 2 footplate.

- ▶ The hook Type 1046 permits KEG drums of various sizes to be transported, therefore simplifying the logistics of these cylindrical goods.

Type 2 212 21 with safety handles and height-adjustable retainer.

Type 243 212 21+1046 with its hook for transporting KEG drums safely.

Type	2 212 21	243 212 21 (w/o ill.)	2 212 21 + 1046 (w/o ill.)	243 212 21 + 1046
Overall height (mm)	1.300	1.300	1.300	1.300
Overall width (mm)	560	500	560	500
Footplate L x W (mm)	180 x 190	180 x 190	180 x 190	180 x 190
Empty weight (kg)	11,2	12,1	11,9	12,8
Load capacity (kg)	200	200	200	200

ALUMINIUM TYRE TRUCKS

▶ The aluminium tyre truck can be used to easily and quickly transport up to eight tyres.

▶ With the hinged grippers all current tyre diameters can be handled.

Directly from the car to the tyre truck – the angled skirts with EXLAN plastic profiles allow tyres to be handled without risking your employees' health.

The ergonomic dog-ear handles give truck users a wide variety of gripping positions.

Type	543 811 25	546 811 25
Overall height (mm)	1.300	1.650
Overall width (mm)	560	530
Scissor manipulator	✓	✓
Empty weight (kg)	20,7	21,5
Load capacity (kg)	200	200

SERVICE HAND TRUCKS

- ▶ Don't let your guests carry their baggage: Aluminium baggage hand truck supports your service in hotels, restaurant and hospitals.

Baggage hand trucks are easy to use and versatile. The central struts prevent small packages from sliding through.

Type 1144 mobile chair attachment can be easily clamped to the upright.

- ▶ Moving stacked chairs without effort. Without the chair attachment, the hand truck is an ideal service allrounder, e.g. as beverage hand truck.

Type	821 270 42	2 011 21 + 1144
Overall height (mm)	1.100	1.300
Overall width (mm)	475	560
Footplate L x W (mm)	425 x 280	245 x 220
Empty weight (kg)	10,2	12,1
Load capacity (kg)	150	80 / 300

ELECTRIC STAIR CLIMBER

▶ Because of its lean design yet sturdy construction, the stair climber lends itself particularly well to be used in manufacturing, trade, and business. Bulky goods up to 200 kg can be handled easily.

▶ The climbing speed can be adjusted continuously. Thanks to the standard single step mode even very narrow staircases can be climbed safely.

With the electric stair climber heavy goods can be transported over stairs by one single person. It saves time, reduces costs and preserves health.

The powerful electric drive is fed by a rechargeable battery. With the capacity of one battery charge 30 floors can be reached.

Type	805 996	806 096
Overall height x Overall width (mm)	1.065 – 1.490 x 466	1.065 – 1.490 x 466
Climbing speed (steps/minute)	9 – 26	4 – 19
Capacity of one battery charge (floors)	15 – 30	15 – 30
Empty weight (kg)	28,5 (incl. batteries)	29,9 (incl. batteries)
Load capacity (kg)	160	200

TRANSPORT ALLROUNDER

- ▶ Compact Allrounder with its two shovels: A short, flat footplate for heavy goods up to 300 kg and a tubular shovel for boxes and packages up to 150 kg.

- ▶ The all-purpose hand truck is fitted with a big shovel. Furthermore the top-folding upright permits convenient tilting of low goods, e.g. washing machines.

We recommend the Type 1178 carrying frame accessory to conveniently move bulky and heavy loads across stairs with two persons.

Safe and efficient handling a variety of goods.

Type	822 820 21	8 015 25 1500	1178
